Conversation, getting so hard to make, I try to
communicate, but I can't get through
We are strangers, but I remember when, you used to
be my friend and my lover too
Conversation, that's what it's all about, Why can't we
talk it out and say what's on our minds
Situations, keep getting in the way, So much we need
to say, we're running out of time
Well I don't really know how it happened, And I don't
really know what to say
I just wonder how we ever got this way, Well I don't
really know how it happened
I have tried but I don't understand, How we ever let it
get so out of hand
