Some folks like the summertime when they can walk
about
Strolling through the meadow green, it's fun there's no
doubt
But give me the wintertime when snow falls all around
For I found her when the snow was on the ground

Well I traced her footprints in the snow
I traced her footprints in the snow
I can't forget the day my darling lost her way
And I found her when the snow was on the ground

Well I dropped in to see her, there was a big round
moon
Her mother said she just stepped out be returnin' soon
I found her little footprints and I traced them through
the snow
I found her when the snow was on the ground

Well I traced her footprints through the snow
I traced her footprints through the snow
I can't forget the day my darling lost her way
And I found her when the snow was on the ground

Now she's up in heaven, she's with an angel band
I know I gonna meet her in that promised land
But every time the snow falls, it brings back memories
For I found her when the snow was on the ground

Well I traced her footprints through the snow
I traced her footprints through the snow
I can't forget the day my darling lost her way
And I found her when the snow was on the ground
