Somewhere there's a lady with a special set of feelings
That would love to sit and listen to the things I have to
say

Somewhere past the darkness that I see outside my
window
There's a room that's warm and cosy and a place for
me to stay

Somewhere there's a lady who is all inside a woman
Who will love me for my goodness and just throw the
rest away

Somewhere there's a lady who will tolerate my
madness
And who will look upon my sadness as a thing that
goes away

Somewhere past the darkness that I see outside my
window
There's a room that's warm and cosy and a place for
me to stay

Somewhere there's a lady who is all inside a woman
Who will love me for my goodness and just throw the
rest away

Somewhere there's a lady who will tolerate my
madness
And who will look upon my sadness as a thing that
goes away
