One time a long time ago on a mountain in Switzerland  
yo lo lo lo lo  
There lived a fair young maiden lovely but lonely oh oh  
Day after day she'd find her heart away yo lo lo lo lo  
hey cause no love came her way  
One day her papa'd say some day you'll go down to the  
willage in the valley  
There you'll meet a nice young man ask for your hand  
then you'll be happy  
[ ac.guitar ]  
But every day she grew unhappy on the mountain in  
Switzerland yo lo lo lo lo  
Every day a little bit lonelier which way to turn which  
way to go  
Day after day she'd find her heart away yo lo lo lo lo  
hey cause no love come her way  
Some say the maidens dreams never came true she'd  
never got to go to the valley  
If she didn't he really don't know oh oh oh did she die  
unhappy  
Well now I'd rather think she found her love I would be  
rather if she'd find love  
Somewhere someway yo de lay de lay lay lay lay
