Why wait like a snake in the valley?
Why sneer at everyone?
I listen to the death on the TV
Conclusion: We die alone
I bleed like a broken umbrella
I cry wolf into the night (Alone again)
I scream to death see you later
I blink and I'm gone

I close me eyes, I can't see me (I close my eyes)
I'm trapped inside, I can't break free (I'm trapped inside)

I pry in to your nightmares
I bear it all to the world
I still laughing the death on the TV
The kids scream "Do it again!"
I bleed like a broken umbrella
I cry wolf into the night (Do it again)
I scream to death see you later
I blink and I'm gone

I close me eyes, I can't see me (I close my eyes)
I'm trapped inside, I can't break free (I'm trapped inside)

I close my eyes
I close my eyes

I close me eyes, I can't see me (I close my eyes)
I'm trapped inside, I can't break free (I'm trapped inside)
I close me eyes, I can't see me (I close my eyes)
I'm trapped inside, I can't break free (I'm trapped inside)
