I cry for you  
i cry for you  
i cry for you  
i cry for you

love me  
tender  
love me  
true  
love  
can always  
see you through

i hope you're fine  
i hope all's well  
given time  
hope springs eternal  
who finds conclusions  
with love, hope and confusion

i cry for you

life  
has no fun anymore  
time  
is on the run for sure  
no place to run anymore

love, hope and confusion.  
i hope you're fine  
i hope all's well  
give 'em hell  
hope springs eternal who finds conclusions  
with love, hope and confusion

i cry for you.....
