Years of being told you ain't as good as us  
Join the line and sign your name  
And they said that our city's going bust  
But no-one's fooling us again

[Chorus]

New York belongs to me  
A city's pride the dirty water on the Hudson river  
No one can take away the memory  
Oh Oh, New York belongs to me

We'll show the world that the boys are back to stay  
And you all know what we can do  
Heads held high, fighting all the way  
For the red, white, and blue

[Chorus]
