Revolution Rock- a rock n roll invasion
Street sound, roots rock n roll sensation
Revolution Rock- a rock n roll invasion
Street sound- rock n roll

Hey little rude boy, take to the streets
Lace up your boots, stand proud with me
1 for the honor, 2 for the glory
3 for your blood, c'mon and sing this story

25 years of rock n roll
Roots rockin' rock n roll

Call it street core- we call it hardcore
Take to the streets our rock n roll noise
Our legacy remains- all hail the glory
Don't forget the struggle and don't forget the fury

25 years of rock n roll
Roots rockin' rock n roll

Revolution Rock- a rock n roll invasion
Street sound, roots rock n roll sensation
Revolution Rock- a rock n roll invasion
Street sound- rock n roll
