Gonna smash bottles all over the street
Gonna cause a threat on society!
Yeah I can't wait to fuck it up
Gonna run wild gonna smash it up!

Down in the heart of alphabet city
yuppies are taking over it, it really makes me sick
Disney's on the corner of 42nd and Broadway
Slowly pulling the core out of it
Isn't it shitty, isn't it a fuckin pity

What the hell is wrong with you?
Is giving in that easy?
Have you a rebellious bone in you?
C'mon c'mon, upstarts LET'S GO!
Urban rebels taking to the streets
Tired of conformity, gonna smash society
A revolution call for you and me
It's up to us to take back, take back our city
Taking over NEW YOUR CITY!

SMASH IT UP! Upstarts LET'S GO! LET'S GO!
