Did you believe that I would turn my back, on my life
and all of my dreams?
Bet you thought I would stand aside and watch you lie
and let you be

Turncoat! You fucking two face
Turncoat! It's you I hate!
Turncoat! You fucking two face

Days ago you walked along with us, on our side, fought
our fights
So deny your past, spit on us, stab our backs and laugh
as we bleed?

Turncoat! You fucking two face
Turncoat! It's you I hate!
Turncoat! You fucking twoface...bite the hand that
feeds you!

You're nothing but a two face! Another leech of society
Suck another dick! Kiss another ass!
Hope to see you fall into a 6 foot ditch
How's your bed feel? You pathetic bitch!...Fuck you
