He gon' pick me up
Who can keep me down
When He gon get me up
Got my head to the heavens

?Hiding and all our daughters who cast came out and
took our lives?
Well the world say that's a crooked God but we know
He will be glorified
You wit me calculating my steps I count on you
?In the womb you need me when intense occur I see
you?
So when we?sover? Let me take it and show the how
much we value Him
?Don't nobody date the kin truth and body dane the
