A petal falls from a dying rose
And gently crashes to the floor.
Save me, save me, save me from this knife

Just outside a cold wind blows
An angel falls from a passing cloud
Save me, save me, save me from this ice

Dying life dying Face
Dying worm of your embrace

An Angel Falls from a dying rose
And gently crashes to the cloud
Save me, save me, save me from these lies

Many Memories in my mind
Some I laugh, some I cry

Save me, save me, save me from this life

Dying life dying Face
Dying worm of your embrace
Dying life dying Face
Dying worm of your embrace

Dying life dying Face
Dying life dying Face
Dying life dying Face
Dying life

Dying life dying Face
Dying worm of your embrace
Dying life dying Face
Dying worm of your embrace
Dying life dying Face
Dying worm of your embrace
