(Intro)
Yuh mek me feel hot, hot, hot, every time yuh do that
The thing shot, shot, shot, when yuh launch the attack
So gimme loving, boy gimme loving
Gimme loving, boy gimme loving(x2)
Mi nuh want fuss nor fight

(Chorus)
Sometime me can't live wid yuh, but I can't sleep
without you
Yuh mek me heart beat quicker, every time I think
about you
Sometimes we fuss and fight, but I know by the end of
the night, we'll be making love till the morning light
light light

(Verse 1)
So baby give it up to me, let my loving set you free
You and I were meant to be, as far as I can see
Home alone I pick up my phone, just can't wait till yuh
drop inna mi zone
Lovestruck baby a you alone? till you get home

(Chorus)
Sometime me can't live wid yuh, but I can't sleep
without you
Yuh mek me heart beat quicker, every time I think
about you
Sometimes we fuss and fight, but I know by the end of
the night, we'll be making love till the morning light
light light

(Verse 2)
Baby I want you only, I know when you look yuh see the
truth on me
I got you, you got me naturally
Come closer, mek me feel yuh body
Now I wish I could multiply time, cause I can't get
enough, I know that's not a crime
Let me sing it to you line by line, I know you'll always be
mine

(Chorus)
Sometime me can't live wid yuh, but I can't sleep
without you
Yuh mek me heart beat quicker, every time I think
about you
Sometimes we fuss and fight, but I know by the end of
the night, we'll be making love till the morning light
light light

(Outro x2)
Yuh mek me feel hot, hot, hot, every time yuh do that
The thing shot, shot, shot, when yuh launch the attack
So gimme loving, boy gimme loving
Gimme loving, boy gimme loving(x2)
Mi nuh want fuss nor fight...
