"Deeply You"

It ends like this
Frost upon our lips
Frozen memories
And everything
That we used to be
I just can't seem to forget

Winter breathes the dawn of truth
I won't escape
The last of me is deeply you

Goodnight, love
Rest your mind
We're further than we know
The only warmth that I can find
It will be a dream I keep
Hesitant to open my eyes
And you weep here too
In the cold of this rendezvous
It ends like this
Frost upon our lips
Frozen memories

Winter breathes the dawn of truth
I won't escape
The last of me is deeply you

Oh I feel so cold
We're further than we know
I'm lost upon the sky without you
You're so far away

This is the last time
To look in your eyes
Slow motion let go
Set back tomorrow

You are the glow that warms the blue
I'm lost upon the sky without you
This moment breathes the dawn of truth
The last of me is deeply you
