There's no chance for me I can tell by the look on your face.

The things that you say you don't mean and I know that you lie.

If you think that you leaving me for someone else,
It's this feeling I can't be wrong you just deceiving yourself.

Destiny - I was meant to be with you.

Don't try to fight it we'll make it right somehow.

Destiny - I will always be with you.

Don't try to change it.

Don't rearrange it now.

This isn't goodbye love's a thing that you can't replace.
There's no leaving me, oh, you try and you try and you try.

But night keeps unsending those dreams never ending to me.

But why should I worry well it's all in distant to be.

Destiny - I was meant to be with you.

Don't try to fight it we'll make it right somehow.

Destiny - I will always be with you.

Don't try to change it.

Don't rearrange it now.

Destiny - I was meant to be with you.

Don't try to fight it we'll make it right somehow.

Destiny - I will always be with you.

Don't try to change it.

Don't rearrange it now.

Destiny - Destiny - Destiny - Destiny...
