I remember the teacher man that walked into our town.
He said life's like a mountain, tall, you've got to reach
the crown.

He said life's like a mountain rising from the sky.
He said you really got to climb, my friend, you really
have to try....

(refrain)

To go up, up, up, up, u-up, up, up, up, u-up, up, up, up,
u-up up, I was halfway up the mountain, I was halfway
up the mountain. I was halfway up the mountain when I
met you. Halfway up the mountain, only halfway up the
mountain I was halfway up the mountain when I met
you.

I was nearly tired to death and falling to the ground.
Funny how when things got tough I had no friends
around. I couldn't take another step, that mountain was
too high. But then I heard your voice say, "Love, we'll
get there by and by." Come on (refrain) up, up, up, up,
u-up, up, up, up, up, u-up, up, up, up, up, u-up
up, I was halfway up the mountain. I was halfway up the
mountain. I was halfway up the mountain when I met
you.

Halfway up the mountain, only halfway up the
mountain. I was halfway up the mountain when I met
you.....you.....you.....you!
