The stars are so close, we could touch them.
The night air is soft and still.
The world has stop turning outside our door
And your kiss is all as real.
And it's just like the first time I touched you.
The feeling is still, oh, so right.
If I didn't already love you - I'd fall in love tonight.

The love that I feel goes unspoken,
As I see that look in your eyes.
You slip from my arms just long enough
To turn out all the lights.
And it's just like the first time I touched you.
The feeling is still, oh, so right.
If I didn't already love you - I'd fall in love tonight.

And it's just like the first time I held you.
The feeling is still, oh, so right.
If I didn't already love you - I'd fall in love tonight.
I'd fall in love tonight.
