Roger:

One night with you, one night with you.
Nothing can be just the same as before.
One night with you and I have to have more.

Carol:

One night with you, one night with you.
Is this what people call love at first sight?
One night with you and it feels so right,
That you...

Beide:

... have to tell yourself that you must believe.
In the kind of love that hits you,
Just like a bolt from the blue.
My heart is beating like never before.
My feet have dancing, not touching the floor.
One night with you and I have to spend more,
In your arms, in your arms,
In your arms, in your arms.

Beide:

One night with you, one night with you.
Two lonely people, who met quit by chance.
Two lonely people, found love in a glance,
That has...

Beide:

... given them a reason to believe.
There is a kind of love around,
That makes life exciting and new.
Heartbeats like thunder that pound in my head.
When I'm with you, not a word need be said.
One night with you, you can take it as read.
I want more, I want more,
Lucky night, lucky night.

Beide:

One night with you, one night with you.
New life is beginning, our old life is gone.
Two hearts now beating for ever as one.
We are one, we are one,

We are one, we are one.
