When I was a child, I thought like a child.  
I believed what I was told.  
I believed my dog would never die  
And my dad would not grow old.  
But as a man I realise, non of this is true.  
Love is all that matters now.  
Love and me and you.  
Oh, it is, oh, yes it is,  
Together we know, we'll both pull through.

So far, so good.  
I never thought we ever would.  
Come this far but here we are.  
So good, so far.  
We must have had a lucky star.  
To guide us trough, me and you.  
Together is what we are,  
Maybe that's why it's been so good, so far.

When I was a child, I really believed,  
That the sun would always shine.  
That the streams would always run with fish,  
That would always find my line.  
But streams don't always run with fish  
And rivers do run dry.  
But I love you and you love me.  
We'll make it through if we try  
And we will, oh, yes we will.  
We love each other, that is why.

So far, so good.  
I never thought we ever would.  
Come this far but here we are.  
So good, so far.  
We must have had a lucky star.  
To guide us trough, me and you.  
Together is what we are,  
Maybe that's why it's been so good, so far.

So good, so far.  
We must have had a lucky star.  
To guide us trough, me and you.

Together is what we are,  
Maybe that's why it's been so good, so far.
