Travelling light, living my life
Hey hey hey
Loving the lights, gonna ignite
Hey hey hey

Giving it glow, head to my toe
Hey hey hey
You'll never know where it could go
Hey hey hey

Look in the mirror ball
This is the day I see it all
If you come out to play
It'll be worth the wait

Dancing under candy coloured lights
Just this once I'll become hypnotised
This vibration feel it if you dare
Colours of a secret love affair

Heat of the night, temperature's right
Hey hey hey
Taking a bite, savour the night
Hey hey hey

Giving a show, doing it slow
Hey hey hey
Get ready to go, I'm telling you so
Hey hey hey

Look in the mirror ball

This is the day I see it all
If you come out to play
It'll be worth the wait

Dancing under candy coloured lights
Just this once I'll become hypnotised
This vibration feel it if you dare
Colours of a secret love affair
I'm gonna take it
I'm gonna take it

I'm gonna take it
I'm gonna take it

Dancing under candy coloured lights
Just this once I'll become hypnotised
This vibration feel it if you dare
Colours of a secret love affair

Travelling light, living my life
Hey hey hey
Loving the lights, gonna ignite
Hey hey hey

Giving it glow, head to my toe
Hey hey hey
You'll never know where it could go
Hey hey hey
