Is there someone I can talk to?  
Can you see the grass beneath you?  
And is your world in perfect motion?  
Do I cast fear on your conscience?

I used to be strong  
But I can't get back to my beginning  
I've been here too long  
And the years have stolen what I've lived for

Do you feel love?  
Or is this just the way it's suppose to be  
Grace from above sees both our destinies  
Inside you and me

Do you feel love?  
Or is this just the way it's suppose to be  
Grace from above sees both our destinies  
Inside you and me

There's no surprise, kings and aces  
'Cause I have fallen from high places  
And you don't know the the way you touch me  
I need one moment to say you love me

I used to be strong  
But I can't get back to my beginning  
I've been here too long  
And the years have stolen what I've lived for

Do you feel love?  
Or is this just the way it's suppose to be  
Grace from above sees both our destinies  
Inside you and me

Do you feel love?  
Or is this just the way it's suppose to be  
Grace from above sees both our destinies  
Inside you and me

Inside you and me, inside you and me  
It's inside you and me?

Inside you and me, inside you and me  
It's inside you and me?

Inside you and me, inside you and me  
It's inside you and me?  
Inside you and me, inside you and me  
It's inside you and me?

Do you feel love?  
Or is this just the way it's suppose to be  
Grace from above sees both our destinies  
Inside you and me

Do you feel love?  
Or is this just the way it's suppose to be  
Grace from above sees both our destinies  
Inside you and me
