It seems you make me feel quite childlike
You bring out something that seemed long gone
'Cause every time that you're around
I forget to come back down

It's like I've never seen this before
It's like a wave that's rushing to shore
And every time that you're around
I forget to come back down

I can't speak, stars at my feet
This feeling's taking me over
Open sky, you and I
This feeling's taken me

Could you be something I imagined
My definition of perfection
'Cause every time that you're around
I forget to come back down

I can't speak, stars at my feet
This feeling's taking me over
Open sky, you and I
This feeling's taken me

I can't speak, stars at my feet
This feeling's taking me over
Open sky, you and I
This feeling's taken me

Every time that you're around
I forget to come back down
Every time that you're around
I forget to come back down

This feeling

I can't speak, stars at my feet
This feeling's taking me over
Open sky, you and I
This feeling's taken me

This feeling's taking me
This feeling's
You make me feel
Childlike
