I'm sick of this dirty dress
I'm thinking I might do less
Now there's something I must confess to you

You know how every day's
The same old every ways
Well, I've got a secret to tell

I can't contain it anymore
Who's knocking at your door?

Hey, surprise
I never liked you
Even when I tried to
Don't speak now, it's my turn baby
I never liked you
And I won't pretend to

Hey, look twice
I never liked you
Even when I tried to
Can't you see the curtains falling?
Is there a reason you're still hanging around?

That's right I'm waving goodbye
You always thought I'd play nice
Well, you never thought at all

You look a little distressed
Am I looking my best?
Now, here's something you can't possess

I can't contain it anymore
Who's knocking at your door?

Hey, surprise
I never liked you
Even when I tried to
Don't speak now, it's my turn, baby
I never liked you
And I won't pretend to

Hey, look twice
I never liked you
Even when I tried to
Can't you see the curtains falling?
Is there a reason you're still hanging around?

How could it suddenly be that we've come to this?
I'll drag you down to me
And then I'll switch your place
So you're the one that's stuck here with a picture of my
face

Hey, surprise
I never liked you
Even when I tried to
Don't speak now, it's my turn baby
I never liked you
And I won't pretend to

Hey, look twice
I never liked you
Even when I tried to
Can't you see the curtains falling?
