Catch my breath with every step
I inhale between every word you say
Oh, yeah
Please begin again, wanna hear it again

My pulse races with fingers tracing
I exhale between every look you give
Oh, yeah
Please begin again, wanna hear it again

So I just dream away
And then pretend to hear you say

Throw your arms around me
Throw your arms around me
Totally surround me
'Til there's no turning back

Heat will rise I cannot defy it
It's become obscene, you're the words I mean
Oh, yeah
Please begin again, wanna hear it again

How come I feel like I'm gonna die?
Every time you mention my name I feel the same
Oh, yeah
Please begin again, wanna hear it again

So I just dream away
And then pretend to hear you say

Throw your arms around me
Throw your arms around me
Totally surround me
'Til there's no turning back

Throw your arms around me
Throw your arms around me
Totally surround me
'Til there's no turning back

So I just dream away

And then pretend to hear you say

Throw your arms around me
Throw your arms around me
Totally surround me
'Til there's no turning back

Throw your arms around me
Throw your arms around me
Totally surround me
'Til there's no turning back

Heat will rise I cannot defy it
It's become obscene you're the words I mean
Oh, yeah
Please begin again, wanna hear it again
