Don't think that it's over now
You'll feel better soon
Move on to the hallowed ground
Cos' it ends when I met you
And it's my face that you'll lean to

If you succumb
What's done is done
If you succumb
Why don't you tell me what went wrong?

If you succumb
What's done is done
What's done is done
Why don't you tell me what you're on?

Don't give up you have a friend
I still see you smile
Take a look and don't pretend
Wind away the miles with you
If it's my face that you'll lean to

If you succumb
What's done is done
If you succumb
Why don't you tell me what went wrong?

If you succumb
What's done is done
What's done is done
Why don't you tell me what you're on?

If you succumb
What's done is done
If you succumb
Why don't you tell me what you're on?

If you succumb
What's done is done
If you succumb
Why don't you tell me what went wrong?

If you succumb
What's done is done
What's done is done
Why don't you tell me what you're on?
