F(x) Chu ~

Fx - Chu Lyrics (English Translation)

Do do it, Chu~TM ¥ (Its) true, true, true, true it's You~
Do do it, Chu~TM ¥

Do do it, Chu~TM ¥ (Its) true, true, true, true it's You~
Do do it, Chu~TM ¥

There are so many things I wanna learn about! Oh lord,
oh oh oh oh lord

There are so many I just wanna touch! Yeah baby, yeah
baby, yeah baby!

This is for the person I have been waiting for. Do it,
chu~TM ¥

Just like her, who woke up on the moment when the lips
met

Do do it, chu~TM ¥ (It's) true, true, true, true, it's you~

Even if something else wakes me up

Do do it, chu~TM ¥ (It's) true, true, true, true, it's you~

I am trusting this trembling heart. Oh please open the
doors of reality for me

Do do it, chu~TM ¥ (It's) true, true, true, true, it's you~

There are so many things I don't need to know about!
Oh lord, oh oh oh oh lord

I get more curious as I try to hide it. Yea baby, yea
baby, yea baby!!

Wven when I dream in a little blue bird's cage, I can't
fill it; I will fly away

Just like her, who woke up at the moment when the lips
met

Do do it, chu~TM ¥ (It's) true, true, true, true, it's you~

Even I wake up from something else

Do do it, chu~TM ¥ (It's) true, true, true, true, it's you~

I am trusting this trembling heart. Oh please open the
doors of reality for me

Do do it, chu~TM ¥ (It's) true, true, true, true, it's you~

Grow up! Grow up! Grow up!

For me, who knows so little of the world, Amber!

[Rap] I got a little plan so pick up the slack You wastin
time with the CHITCHAT

Youve been caught, so give it all you got Its time to
make it, make it, take, take, take it

Fluttering and the excited heart brings out the fairytale
vibe, get get get closer NOW

Do it, Chu~TM ¥

Just like her, who woke up on the moment when the lips
met

Do do it, chu~TM ¥ (It's) true, true, true, true, it's you~

Even if something else wakes me up

Do do it, chu~TM ¥ (It's) true, true, true, true, it's you~

I am trusting this trembling heart. Oh please open the
doors of reality for me

Do do it, chu~TM ¥ (It's) true, true, true, true, it's you

Grow up! Grow up! Grow up! Grow up!
