"Move Your Body"

Move your body, baby, move your body
Move your body, baby, move your body
Move your body, baby, move your body
Move your body, baby, move your body

Turn the beat around
Just be what you wanna be
Let your body flow
Dancing free 'till extacy

Ladadadee da dadada
Ladadadee da dadadum dum dum
Ladadadee da dadada
Ladadadee da dadadum dum dum
Feel the heat of the night
Come on we're having big fun
I wanna see you sweat
Boy you are the only one

Ladadadee da dadada
Ladadadee da dadadum dum dum
Ladadadee da dadada
Ladadadee da dadadum dum dum
Move your body
Move your body
