Sweet little brother

Can't exactly remember what's happened  
I think I came home late  
He stood in the doorway, waiting for me  
I saw how he was holding a big sharp knife  
Pointing at me  
I got scared and asked "What's wrong, what are you  
doing boy, are you mad?"

But no answer at all, he just came closer and closer  
No sense at all, he just came closer and closer  
I began to run, but he came closer and closer  
I ran for my life

He was so much faster than me  
He caught me by the lake, I fell  
I was so confused, I could hear my gasping breath  
Still he was moving closer, holding his knife  
I must have taken it  
And then killed him  
'cos he lied too still, open wounds bleeding  
Grass and water turned red

Oh boy, what have I done, he was my sweet little  
brother  
Oh boy, how come, I killed my sweet little brother  
Oh God, look at him, look at his guilty, lifeless body  
I killed my sweet little brother

In the local news, early this morning a body of a 10-  
year-old boy was discovered near the north-west shore  
of lake Michigan.

The victim appears to have died of multiple stab  
wounds. The boy's identity is being withheld pending  
further investigation.

A strange twist in the case is that there are abundantly  
thoroughly clear footprints leading from the scene of  
the crime all the way back to the victim's house.  
The boy's sister has not been seen since his  
disappearance and is now being sought for

questioning.

I never heard his voice  
Until I watched him die  
Now voices chase me  
Including his  
No, they're all his  
No, they're all his  
No, they're all his  
No, no, no, they're all his  
No, they're all his  
No, no, no, they're all his  
They're all his
