I feel the need to be naked  
I feel the need to be naked  
(Need to be naked with you)

Who can explain the forces of nature?  
Why do opposites attract?  
Aren't we just animals after all at night when the sky is  
black?  
I want you so bad, this craziest feelin' that I ever had

I feel the need to be naked with you  
(Need to be naked with you)  
I feel the need to be naked with you  
(Need to be naked with you)  
Take off my pants, my shirt, my socks and my shoes  
(I need to be naked with you)  
I need to be naked with you  
I need to be naked with you

If you don't want me, I'll be devastated  
I'm so much in love with you  
Waiting not knowin', baby I hate it  
Tell me what you want me to

I want you so much that  
I live and I breath only for your touch

I feel the need to be naked with you  
(Need to be naked with you)  
I feel the need to be naked with you  
(Need to be naked with you)  
Take off my pants, my shirt, my socks and my shoes  
(I need to be naked with you)  
I need to be naked with you  
I need to be naked with you

All these clothes just come between us  
Let's go where no one can see us  
My skin, my lips need to lick your fingertips

I feel the need to be naked with you  
I feel the need to be naked with you

I feel the need to be naked with you  
I feel the need to be naked with you  
I feel the need to be naked with you  
I feel the need to be naked with you  
I feel the need to be naked with you  
(I need to be naked with you)
