Seconds from the aftermath
Happiness from beyond
Looking like a doggie picture
Thinking like a skull, come and get it on
These aren't the droids you're looking for
But I'll let you know if I see anymore
Your problems rest assured
Like I needed
Camel toe with water fiction
Cannot go with Finn
Breaking up the party structure
You cannot spin, come and get it on
These aren't the droids you're looking for
But I'll let you know if I see anymore
Your problems represent
Like I needed
