"Nourishment Nation"

Visit "[Nourishment Nation](#)" on MotoLyrics.com

Mother on a slide
Sister by her side
One more pop until it blows
Strangled by the scoop
With logic like a tube
One more bite until we go
Are you moving along?
Don't worry, it won't take long

Take a restaurant
Pick any one you want
One more stop until we go
Self-mutilation in the nourishment nation

Animals are out there 'til we go
With a wing and a prayer
Talkin' about a double dare

Stranger in new york
Who's trimming off the pork
Ancestors abundance yah we know
Becoming a bone
And calling it a home
One more bite until we go
Are you writing a song?
Don't worry, it won't take long
