There, there, there, there  
There, there  
There, there, there may be  
There, there, there may be

Only so much you can know  
There may be  
Only so far you can go  
If you can't get

Only so much you can take  
All for your own sake  
Don't go without  
Only so much you can take  
Before you stop

Feeling the pain  
(Then it will be too late)  
Nobody who has ever, will ever come prepared  
My love will always take you, unawares

Just let it go, let it all go  
Let me take you right back to zero  
Because it's dark out here in the vagueness  
Let me ask you this  
(Could you let it show?)

Put it all on show  
There's nothing left to lose  
Just you follow me, follow me, follow  
Down that one road left to choose

There, there, there, there  
There, there, there, there

Into a vast lake, still as glass, pebbles are thrown  
The ripples go on and on and  
The ripples go on and on and on and

Could you let it go, let it all go  
Let me take you right back to zero  
'Cause it's vague out here in the darkness

Let me ask you this  
(Could you let it show, let it all show)  
'Cause there's only so much you can know  
Just you follow me, follow me, follow  
Down the one road right to choose

One road, left to choose

Butterfly beats the wings  
Butterfly beats the wings  
Butterfly beats the wings  
Butterfly beats the wings  
(Ripples go on and)

(Ripples go)  
Let it in, let it all in  
(Butterfly beats)

Just let it go, let it all go  
(Let it go let it all go)  
(Butterfly, butterfly  
Butterfly beats the wings  
One road left to choose)

There, there, there, there  
There, there, there may be
