Hear my cry in the sky
Hear the lovers plea
All my silent tears for the missing years
You're not here with me

Little angel, how I miss you
Please come back to me
Little angel face up in heaven's place
Please won't show them me?

Let me fly, touch the sky
Let me feel you in a moment in time
Is is true what they say?
Time can heal all the rivers of pain

Hear my wish as I pray
In the midst of a meteor rain
Let me fly, be my sky
Make-believe that you love me tonight

Stand by me my love, in the dark my love
Be my path, eternal faith

Let me fly, touch the sky
Let me feel you in a moment in time
Hear my wish as I pray
In the midst of a meteor rain

Let me fly, touch the sky
Let me feel you in a moment in time
Is is true what they say?
Time can heal all the rivers of pain

Hear my wish as I pray
In the midst of a meteor rain
Let me fly, be my sky

Make-believe that you love me tonight

You're not here with me

Hear a lovers plea, angel come to me
