Ooh-ooh yeah  
Yeah baby  
My heart wants to be where you are

You make me realise  
The power of love, power of mind  
Search for you every night and day  
Now all I can do is pray  
I don't know how I let you go  
That time I just didn't know  
(How do I get through this?)

My heart wants to be where you are  
(To prove I can do this)  
My heart wants to be where you are  
And no matter the place  
And no matter how far  
My heart wants to be where you are

Our love grew so deep, so fast  
One night I'm hoping will last  
And how can something that feels so good  
Has got me feeling so bad?  
It's like a gift that's been sent from above  
Think I've finally found true love  
(How do I get through this?)

My heart wants to be where you are  
(Ooh baby)  
My heart wants to be where you are  
And no matter the place

And no matter how far  
My heart wants to be where you are  
Baby  
I never felt this way  
I'm taking it day by day  
Deep in my heart I know  
I was a fool to let you go (let you go)  
(How do I get through this?)

My heart wants to be where you are  
(To prove I can do this)  
My heart wants to be where you are (where you are)  
And no matter the place  
No matter how far  
My heart wants to be where you are  
(How do I get through this?)

My heart wants to be where you are  
Sing it to me baby  
My heart wants to be where you are  
No matter the place  
And no matter how far  
My heart wants to be where you are

Yeah  
Said my heart wants to be where you are  
Oh baby  
My heart wants to b-e-e-e where you are

Said heart wants to b-e-e-e where you are
