Break it down again  
So those are my dreams  
And these are my eyes  
Stand tall like a man  
Head a strong like a horse

When it's all mixed up  
Better break it down  
In the world of secrets  
In the world of sound

It's in the way you're always hiding from the light  
See for yourself you have been sitting on a time bomb  
No revolution maybe someone somewhere else  
Could show you something new about you and your  
inner song

And all the love and all the love in the world  
Won't stop the rain from falling  
Waste seeping underground

I want to break it down  
Break it down again

So these are my schemes  
And these are my plans  
Hot tips for the boys  
Fresh news from the force

When it's all mixed up  
Better break it down  
In the world of silence  
In the world of sound

"No sleep for dreaming" say the architects of life  
Big bouncing babies, bread and butter can I have a  
slice  
They make no mention of the beauty of decay  
Blue, yellow, pink umbrella save it for a rainy day  
And all the love and all the love in the world  
Won't stop the rain from falling  
Waste seeping underground

I want to break it down  
Horsin' around  
Pray to power  
Play to the crowd with your big hit sound  
And they won't simmer won't simmer, won't simmer  
down  
Play to the crowd  
Play to the crowd  
Play yeah yeah

It's in the way you're always hiding from the light  
Fast off to heaven just like Moses on a motorbike  
No revolution maybe someone somewhere else  
Could show you something new to help you  
With the ups and downs

I want to break it down  
Break it down again  
Break it down again  
No more sleepy dreaming  
No more building up  
It is time to dissolve  
Break it down it again  
No more sleepy dreaming
