Here she comes and there she goes
Wearing someone else's clothes
Turning water into wine
Ridicule into sublime, oh yeah

Been a daughter all her life
Never ever been a wife
She'll go out in the pouring rain
Just to drive her dog insane, oh yeah

Well, I love the little girl and I love her like a sister
When the sun goes down she goes off like a twister
She will tear it all down if she doesn't feel trusted
In her under-age world I hope she never gets busted

She will share in everything
She'll confess to all her sins
She's in love with all God's children

She's got a ticket to the world
Got a ticket to the world
Got a ticket to the world
Got a ticket to the world
Got a ticket to the world

She's got a ticket to the world
She's got a ticket to the world
She's got a ticket to the world

She can light your darkest night
Maybe put your world to right
She's a different generation

She's got a ticket to the world
Got a ticket to the world
Got a ticket to the world
Got a ticket to the world
Got a ticket to the world

She's got a ticket to the world
(She's a different generation)
She's got a ticket to the world

(She's a different generation)
She's got a ticket to the world

When tomorrow comes
When tomorrow comes
When tomorrow comes
When tomorrow comes
When tomorrow comes
When tomorrow comes
