yek shabe garmo tabalood
amadi az shahre baran

nagahan az har javane
gol baramad chon baharan

ey to az nasle baharan
ey omide sabze zaran

ey sedayat pako masom
chon sooroode cheshmesaran

ey negahe to hamishe
mesle darya bikarane

ey boland gisovanaaaat
khoshtarin shere shabane

ey ke namat dar zamane
gashte dar khobi fesane

karde inak dar dele man
atasho eshgho bahane

ey ke namat bar labe man
maniye khobe sooroodan

khoshtarin ayame omram
lahzehaye ba to boodan
