#####Intro#####

Put your hands up, take it to the floor  
You already give me the green light baby  
Put your glass up, pour a little more  
[eski boy...roll deep]  
You already give me the green light

##### Verse One #####

I was lookin' for the green light  
Who's gonna take me home, yeah she might  
The night's so young and I wanna have fun  
So I'm gonna keep goin' till the party's done  
You know I love women, but which ones gonna control  
me?  
'Cuz I wanna be your one and only  
You know I love women, but which ones gonna control  
me?  
'Cuz I wanna be your one and only

##### Verse Two #####

I follow the green cross code, then I cross the road  
I follow the signs then I follow my nose  
Seek out my princess, speak on the phone  
Eventually I'm a treat with a stone  
No regular seats, i get the throne out  
His and her match, we're gunna ball out  
Your crown and my crown, we're gonna ball out  
Take my time, I won't stall out

##### Chorus #####

Stop!  
Take a look, left and right  
Is it clear for me to go?  
Let me know, is it me that you've been waitin' for...

Put your hands up (put your hands up), take it to the  
floor (take it to the floor)  
You already give me the green light baby (I'm giving  
you the green light)  
Put your glass up (put your glass up), pour a little more  
(pour a little more),  
You already give me the green light (I'm givin' you the

green light)

##### Verse Three #####

That time when I saw ya I fort,  
wow, sort,  
Check out the skirt on that,  
Nuff short,  
straight to the bar - tequila, lemon, salt  
I give her the all clear, letting her know green light,  
letting her go,  
Clocked her from a mile away, thought to myself, why  
not give it a go..?

##### Verse Four #####

I like what I see, face all lit up like a Christmas tree  
It's amazing the way she glows, heaven knows what  
cloud she fell from  
Skirts a bit high above the knee, but I know that twinkle  
in her eye's for me  
I said just show me a signal - she flashed red, amber,  
green.

##### Chorus #####

Stop!

Take a look, left and right  
Is it clear for me to go?  
Let me know, is it me that you've been waitin' for...

Put your hands up (put your hands up), take it to the  
floor (take it to the floor)  
You already give me the green light baby (I'm giving  
you the green light)  
Put your glass up (put your glass up), pour a little more  
(pour a little more),  
You already give me the green light (I'm givin' you the  
green light)

Stop, pop, don't drop  
Pour me a little (put your hands up)  
Stop, pop, don't drop  
Pour me a little (take it to the floor)  
Stop, pop, don't drop  
Pour me a little (put your glass up)

Don't wanna see red now, flash your green lights  
tonight

##### Verse Five #####

All it takes is a week, one smile and a drink  
I say a couple words, and she might be a link

I like the fact that she aint wearin' a ring, and she ain't  
lookin' at him  
We're the perfect match, what a good catch  
She's 10 out of 10, I've gotta keep that  
She's so far gone, the green lights on - I aint gonna  
turn back  
It's a rap

##### Chorus #####

Stop!  
Take a look, left and right  
Is it clear for me to go? (for me to go)  
Let me know (let me know), is it me that you've been  
waitin' for...

Put your hands up, take it to the floor  
You already give me the green light baby  
Put your glass up (roll deep), pour a little more  
You already give me the green light (I'm giving you the  
green light)

Put your hands up (put your hands up), take it to the  
floor (take it to the floor)  
You already give me the green light baby (I'm giving  
you the green light)  
Put your glass up (put your glass up), pour a little more  
(pour a little more),  
You already give me the green light (I'm givin' you the

Pour me a little (put your hands up)  
Stop, pop, don't drop  
Pour me a little (take it to the floor)  
Stop, pop, don't drop  
Pour me a little (put your glass up)

Don't wanna see red now, flash your green lights  
tonight.
