[JET LE]

Heat Up, Heat Up

Jet Le, Wiley, Breeze gonna eat the beat up

Scratchy's on the beat let us eat the beat up

Let's get the boys that are bout to heat up

Roll Deeper...

Jet one, Jet two, Jet three

Jus got a strap, people guarded by me

But hear I got a story to tell

See the life of leisure child, wonderin why things so  
foul

You can 1st one, and I'm gonna get the next

Next one will give a stone cold supplex

I'ma top boy, who seen a lot of cold things

Sha-Shoot-Shot-Sharp cold tings

We Roll Deep but we never judge though

Cuz we get that cheddar but the rings still slow

Backwards and forwards and left, right go

Jus let Wiley make you get your dou

[Chorus]

Row Row Row ya boat gently down the stream

And if you don't want holes in ya boat

Don't Roll on the Roll Deep team

No No No You don't, you only Roll Deep in ya dreams

If that's what your tellin me you must be my enemy

You ain't heard the word on the streets

[BREEZE]

Well half this, half that there

But, nah I'm not a mixed up break

Hell No, not a half up here

They should know I fully run, don't care

But I got stuff to share

Got a noog shot for ya old dear

Empty the clip, I got a few shots spare

I shot the Sherriff but I don't shot gear

Call me chemical ali

Bust bare face, cop no bali

Cost contact, not to pali

Run around town, but you can't keep a tally

On me, and you know what I carry

I don't wanna do a big bird like larry  
I got bad boi material  
Stay what's good, and stick up ya aerial

[Chorus]

Row Row Row ya boat gently down the stream  
And if you don't want holes in ya boat  
Don't Roll on the Roll Deep team  
No No No You don't, you only Roll Deep in ya dreams  
If that's what your tellin me you must be my enemy  
You ain't heard the word on the streets

[SCRATCHY]

My way now, make way for the Kingpin  
But the jawside bash, you know I mixin  
Scratch won't pass what ya jinxin  
Music in my jeans like gymsin  
Make sure that I'm there when ya sinkin  
Write lyrics and lyrics with out thinkin  
Is it a long ting nah it's a quik ting  
Two swords when they hit it's like, schling, schling  
When I step into the ring it's like, ding, ding  
But the watch on my wrist is like, bling, bling  
But the girls on my line it's like ring, ring, ring, out  
And when ya thinkin, screwin ya caught ya gash winkin  
She's lickin her lips, and linkin  
Gettin big, til the other crew shrinkin

[Chorus]

Row Row Row ya boat gently down the stream  
And if you don't want holes in ya boat  
Don't Roll on the Roll Deep team  
No No No You don't, you only Roll Deep in ya dreams

Drug ya drink, fuck ya link

And that's Trim cuz he's got no hair to cut with him  
But who's Trim, do a lift and you'll losin  
Keep cruisin, and I'll, feel usin
