"Out There"

Walkin' shattered, confused, disturbed and alone
Feeling like someone just ripped your heart out and
replaced it with a stone
Wandering as somewhere someone out there feels like
you do
Open your eyes to realize that the only one holding on
to you is you

When you're out there, you're out there
When you're out there, out there, out there, out there,
Ohhhhh
I've been out there

When you're sitting in your room, lights out, door
locked listening to the air
Phone starts ringin' you uplook it, dosen't matter who it
is, you don't care
Wonderin' why life can fill you with so much pain
And sometimes all you wanna do is crawl away and die
Feelin' so carved out and hollow that you don't even
have a tear
They left you cryin'

Lost, lost in the crowd, lost in my room alone

Lost in your eyes, lost in your arms
Lost in my-self, I don't know -
Where I went
I got lost, just like:
hated, alienated, thrown down, turned away, turned
inside
solitary confinement turns to solitary refinement
I found myself alone
Mmmmmmm, so alone
Reachin' out I can't touch - I open my eyes, I can't see
Putting my feet out on the ground I feel I'm falling
Ohhhhhh, out there, I'm out there, out there, so cold, so
cold, so cold

Out there, I'm out there, I'm out there, I'm out there
Out there, I'm out there, I'm out there, I'm out there
Out there, I'm out there, I'm out there, I'm out there

Ohhhh...

So cold, so cold, co cold, so cold
When I'm out there, when you're ou there, when I'm out
there...
