if I'd listened everything that they said to me, I wouldn't  
be here!

and if I took the time to bleed from  
all the tiny little arrows shot my way,  
I wouldn't be here!

the ones who don't do anything are always  
the ones who try to put you down  
and you could spend your entire life walking around  
in the nowhere land of self doubt

'coz when you start to doubt yourself the real world will  
eat you alive!

it's time, it's time to align your body with your mind, it's  
hero time

it's time, it's time to align your body with your mind, it's  
hero time

'coz when you start to doubt yourself the real world will  
eat you alive!

and you know it's true!

I'm talking to you: hero time starts right now! Yeah,  
hero time, yeah,  
time to shine, hey, hero time!

if ya think you've got 100 years to mess around: you're  
wrong!

this time it's real, y o u r t i m e i s n o w . . . it's hero  
time!

Yeah, hero time, hey, time to shine, yeah, hero time,  
yeah!

hard times are gettin' harder, the liars are acting  
strong

you better get a grip on yourself or you won't be  
around too long

it's hero time, hey, time to shine, yeah,  
hero time, yeah, hero time, yeah!

it's hero time, it's hero time, time to shine, shine, shine,  
shine, shine!

oh yeah! (X3)

no such thing as spare time, no such thing as free time

no such thing as down time  
all you got is life time... go! 'coz it's hero time, 'coz it's  
time to  
shine  
'coz it's time to go, go, go! yeah, hou!

when you're gone, you're so gone (X2)  
you've got it now, it's time to go  
hero time starts right now! yeah, aha..! ...change it!

I got grace in times of friction, I got truth in times of  
fiction  
I've got no time for the hype... suicide!? I'm not that  
type...  
I got no time for drug addiction, no time for smoke and  
booze  
too strong for a shortened life span, I've got no time to  
lose!  
It's time to shine, yeah, it's hero time, yeah, it's hero  
time, yeah,  
yeah!

when you start to doubt yourself the  
real world will eat you alive! yeah!  
you could spend your entire walking  
around, coward: or you can get up!  
get up, get up, get up, get up! it's time to shine! yeah...
