OH man

I can't believe the things I said to you  
hey, I must have been out of my mine  
Desperation crept in from all the things I kept in  
I am sorry I just couldn't help my self

I could tell by the look in your eyes  
that you think I'm a fool, its alright  
to late to turn back now

I pull theses lines out  
I'm throwing my line out  
hoping you'll bite and drag me in with you

I go so low and then I see  
its when I hit the bottom  
I know for sure  
it gets pathetic  
when you're lonely  
you will do anything

I can't believe what I've become  
the things I say and do  
loneliness will make you throw you sense away  
here I am trying to get through  
here I am feeling so small  
I'm running my mouth at you

I'm feeling strang like a stranger

I'm hear but I know I am out of there  
as close as I get is so far away  
am I coming off like I am crazy  
my lack of breath is to intense  
am I telling you more that you want to know

I go so low and then I see  
its when I hit the bottom  
I know for sure  
it gets pathetic  
when you're lonely  
you will do anything

I mean anything

I go so low and then I see  
its when I hit the bottom  
I know for sure  
it gets pathetic  
when you're lonely  
you will do anything

OH man  
I can't believe the things I said to you  
hey, I must have been out of my mind  
playing it hard on a Saturday night  
I am walking down both those streets  
I am looking in through the windows at goodtime shows  
my loneliness how it huts and how it shows how it  
shows
