Aww man, so little time, so much to deal with

It seems like everything passes me on, turns me off,
messes me up, draws me in

Or just plain bums me out

I crack my head and I try to get over it

I stub my toes and I try to pass under it

My existence is like trying to breath in a big rock

I inhale and it hits me hard

I pay guys with guns to protect me from guys with guns

Some man in a suit is tellin' me to drop dead so i can
live happily ever after

There's a guy in the mirror whose always in my face

Aw man, sometimes I think I'm goin' insane

BRIDGE: Don't lose your mind when you're running
through a mine field

Don't stop rollin' when you're rolling on the real wheel

You've got a lot to lie right in the eye

And not be afraid to see too clearly

Makes no difference if it's night or day

Well take a look around and say...

CHORUS: It's Wartime (x4)

Yeah you know what I'm talkin' about man

That's exactly what I'm talkin' about

The most important thing is to maintain

Sometimes it's all you can do is just to maintain

Sometimes it's all you can do is go and put a gun to your brain

Sometimes it's all you can do just to maintain

Lookin' out on the streets seein' those screaming rats racin'

Runnin' wild like mindless idiots will run wild

I can't believe the groove they's use

Years, eyes cried, feelings, eyes lie

Talkin' bout changin' but remaining the same

Shameless, meanless, free from blame, man

It's enough to make you wanna do somethin' down right stupid

It's enough to make you wanna do somethin' down right sick

BRIDGE

CHORUS

So now you know what the deal is

The time is wartime, wartime is here, it's all around you

You can't close your eyes and make it go away

You be alive right here, right now, right here, here and now

It's who you're dealing with

………… 24 hours a day warpath reality

It's a full time thing, you gotta deal with it

You hang on, you'll be alright

You gotta keep movin' in a positive forward direction

If you let them, they will destroy you

Don't let them - Save yourself

They will not destroy me

BRIDGE

CHORUS
