I take a look around me and it makes me mad  
Another friend of mine in rehab  
Try to pull himself from a plastic bag  
Says he got himself out just in time  
He's callin' from the Halfway House he says he's doing  
fine  
Says his friends woulda let him turn blue and die  
Someday becomes yesterday

You gotta take it on the Black Train, Jack  
Your life goes and crawls away  
You can't even feel the fire burnin' your back

Her boyfriend left her broken and alone  
Her mother found her just in time  
She took some pills and crawled to the death zone  
She strapped to a bed in psych ward doin' fine  
Aww girl, what happened, what happened, what  
happened to you

What's goin' on? What's goin' on?  
Someday becomes yesterday  
Your life goes and crawls away  
You're walkin' hand in hand with a death trip  
You can't even feel the power in it's grip  
Sometimes I wanna take you by your shoulders and  
shake you  
You've got to open your eyes, man, how long will it take  
you  
Shot down and neutralized, man, what a case  
What's goin on? What's going on with you?  
Runnin' through life blind, man, what a waste

Someday becomes yesterday  
Your life goes an crawls away  
What happened, what happened to you?  
You've got to take it on the Black Train, Jack  
You can't even feel the fire on your back

Don't wanna go blind in the wreckage  
I don't wanna die in the wreckage  
Don't wanna go down in the wreckage

Don't wanna get stuck in the wreckage  
The wreckage is all around me  
Sometimes it's all I can see  
The human wreckage, the human wreckage  
To you, I say goodbye, goodbye, goodbye, goodbye,  
goodbye, bye-bye, bye-bye
