I wonder where you are
Hope it's not too far
When will we meet?
The smile on your face
Just like the old days
Your beautiful heartbeat

You gave me a good start
You gave me your heart
I'll never lose that part
I think you hear me
I think you're right here
That's why I have no fear

I wish you could see that
I'm okay
Your words they took me far
I wish you could see that
I'm okay
That I am moving on

Can you see me?
Can you see me?

I still remember
Sat on your shoulders
I was too tired to walk
Laughing together
Spring Sunday weather
Ice cream and just small talk

I wish you could see that
I'm okay
Your words they took me far
I wish you could see that
I'm okay

That I am moving on

Can you see me?

Can you see me?

I wish I could see that

You're okay

Waiting there for me

I wish I could see that

You're okay

Please just let me know

I wish I could see that

You're okay

Smiling back at me

I wish I could see that

You're still here

Watching over me

Can you see me?

Can you see me?

Can you see me?

Can you see me?

Can you see me?
