Sing a song! When you are tired sing it loud and strong!

Why don't we sing a song!

You know our life is short,

Let's do all we can do right now!

Take my hands! We know we can make it right!

Take my hands! Can you feel our hearts leaping?

Take my hands!

Every little step we'll take will tell us where we should go!

Living this life is such a precious thing,

Why don't we start walking now with love and smiles!

We are on the lines... don't let them end now...

If we set our vision wide, we love and hate more!

Go under the sunshine! Strong will towards our pride!

GO walk under the sunshine! Keep on living and believing!

Late at night... There must be something makes me think of you!

Well, Late at night...

Confusion tries to kill the smallest hope that I have...

Take my hands! Don't you worry about a thing...

Take my hands! Take my hands tight, all night!

Take my hands!

Every little step we'll take will show us how life is good!

Things keep on changing just like we do...

Why don't we learn to trust more to live wise!

Don't criticize! Don't let the words die!

If we set our vision wide, we love and hate more!

Go under the sunshine! Strong will towards our pride!

Go walk under the sunshine! Keep on living and believing!

Things keep on changing just like we do...

Why don't we learn to trust more to live wise!
Don't criticize! Don't let the words die!
If we set our vision wide, we love and hate more!

Go under the sunshine! Strong will towards our pride!
Go walk under the sunshine! Keep on living and
believing!

Go under the sunshine! Strong will towards our pride!
Go walk under the sunshine! Keep on living and
believing!
