Ulrika

I thought of you as a stranger
Always your nose in the air!
Passing me by as a creature beneath your care

Kristina

I thought you of you as a danger
I've seen how men turn and stare

Both

Yet we were destined to see how
Full of surprise life can be, how
Rare, how odd
A miracle of God
Our phantoms have gone their way

Ulrika

You were such a shrew

Kristina

No more than you

Both

What's past is past
This miracle will last.

Kristina

You found the man that you prayed for
You'll help him strive and succeed
Sharing our lives with another is all we need

Ulrika

You found the man you were made for
Now I will follow your lead
Now I will have someone to go to

Kristina

What God has planted will grow, new...

Both

...soil. New seed.

A miracle indeed

How night can be turned to day

Leave the night behind

Begone all fear

I, who was so blind

Now see so clear

So clear and pure

A miracle for sure

Now heaven shows us the way

You have let me see

The heart of you

From now and ever

We'll greet each other

We'll meet each other

As sister do

How rare, how odd

A miracle of God
