I saw (At least I think I saw) your new boyfriend  
He seems like a jerk  
He only said a word or two  
But I think I saw a smirk on his face  
When I stopped by your place  
To say goodbye  
And now I really don't know why I bothered

'Cause I'm no good for you  
Or maybe nobody's good enough for me

My friends (Each time I see my friends) still remind me  
Whether I like it or not  
Of all the stupid things you do  
As if I have forgotten your ways  
And your passionate plays  
You gave me everything  
I think it was the wedding ring that scared me

I hope (It is my fondest hope) maybe some day  
We will talk again  
And all will be forgiven  
And we will both be friends and we'll laugh  
At mistakes in the past  
'Cause we will know  
That we were right in letting go of each other
