(I don't deserve credit for writing this song; it was  
channeled  
to me by an entity who claims to have been Chopin's  
hairstylist.  
-RR)  
I'm doing my affirmations  
I'm chanting my mantra each day and night  
I'm doing some visualization  
Seeing my aura just glowing with light  
And I'm breathing real deep, sitting perfectly still  
Clearing my mind as I focus my will  
While listening to music from Windham Hill  
'Cause I want to be enlightened  
Each morning I do meditation  
I become one with the whole universe  
I experience self-actualization  
I'm seeing a Rolfer and getting rebirthed  
And I've given up sugar, red meat and caffeine  
Wear crystals to keep all my energies clean  
And of course I subscribe to New Age Magazine  
'Cause I want to be enlightened  
Each Monday I go to a channeler  
To get some advice from the other side  
On Tuesdays I get a holistic massage  
And on Wednesdays I meet with my spiritual guide  
I'm studying reincarnation  
Finding out who I have been in the past  
I'm practicing manifestation  
In hopes that I might make some money at last  
And I throw the I Ching at least once a day  
Burn incense to keep evil spirits away  
And I'm planning a trip down to old Santa Fe  
'Cause I want to be enlightened  
Each Thursday I go to a workshop  
On opening up the unconscious mind  
On Fridays I see my astrologer  
And on weekends I go get my chakras aligned  
I'm giving myself validation  
I acknowledge myself just for being who I am  
By giving up all expectation  
I surrender myself to the great cosmic plan  
And I'm giving myself permission to win

Learning to nurture my child within  
As I read for the seventh time Out On A Limb  
'Cause I want to be enlightened  
Don't you want to be enlightened?  
Yes we all want to be enlightened
