"Cherry Blossoms"

I walk out my front door
I see my favorite scene
MY street has bloomed pale pink
And my mind slips into a dream

Blossome will bloom like our winnings
And wilt like failures in life
Ooooooh... cherry blossome
Fills my heart with pride

I've been to so many lands
But none of them were home
Don't lose sight of your heart
And you'll always know where you are from

Blossome will bloom like our winnings
And wilt like failures in life
Ooooooh... cherry blossome
Fills my heart with pride
